## Next Meeting

When: Tuesday, October 11  
Where: Town & Country Center  
Time: 6:00 Executive Board  
7:00 General Meeting

## NEW MEETING PLACE....

During the Fall & Winter, MAM moves from the flying field to Town & Country Center's meeting room.

If you enter thru the west mall doors, head straight to Satrom Travel turn right and go all the way to the end of the hall. The meeting room is to your left--right before the double swinging doors.

Our meetings are a time to get together and do MAM business, share memories of the past Summer's events, make new friendships and renew old ones.

In the coming months there will be nomination and election of officers and event planning.

Editor's Note: In last month's newsletter, I got the spelling wrong for Russell, MN and Yorkton, SK. I also misspelled Garnet's name and I left the e out of Schoneberg.

Phew...I need to add them to spell check! My apologies!

From the Desk of the President.....

With the International Fun Fly successfully over I would like to add my heartfelt thanks to all of our faithful and dedicated members that make the Minot Aircraft Modelers the club it has become.

I am honored to be your President and am proud to represent the club in any way I can. Starting with the Winter Party followed by the Mall Show, the Open House, the Club Picnic, the International Fun Fly, the mowing and trimming of the grass, the cooking for the summer meetings, the donations to the club of the coolers and cupboards, and the installation of the cupboards and AC in the concession stand--throughout all of our activities we have had great membership participation which demonstrates the pride each one of you has in our very special club.

With the shorter days we are winding down another season of flying, but with some nice fall weather we still have some flying time left. Make the most of it as our winters are long.

We will have our fall clean up some time in October. Please watch for the date. Hopefully we will have some of those warm fresh baked cookies and hot coffee to cheer us up on a cool fall day.

Thanks again to all of you that make the Minot Aircraft Modelers a club of which we can be proud.

Dick Winje – President

## Wanted...

MAM members to help eat the cookies baked fresh and served warm after

“Fall Clean Up Day”

When: Sunday, October 16th  
at 2:00

We will be getting the Flying Field ready for Winter.

We'll clean the flower beds and protect trees from critters.....

Get the concession stand ready for Winter...

Give the lawnmowers the once over to prepare for a rest....they worked hard this summer!

Put tables away for the Winter....they got a good workout this flying season- providing a comfortable place for people to eat great meals and a place to visit out of the wind.

## 2005—2006 COMING EVENTS

November

Nomination of Officers

December

Election of

Officers

### The 2006 Winter Social

Here's one of the desserts that was auctioned at last year's annual Winter Social. Not only was the cake beautifully decorated with real flowers....It was yummy!

### Shop Talk...

By Audrey Benno

Bill & I will be visiting MAM members this Winter to check out projects you are working on. We'll give you a call before we come or you can give us a call if you are working on a project that you would like us to know about.

Here's Bill in his shop...he spends many hours building and repairing his planes.

Bill built an addition to our garage last summer—added heat, air, Cable and lots of airplane “stuff”.

In future Winter editions of FLIGHTLINES, there will be a review of MAM Safety and Field Rules.

A complete copy of MAM Field Rules and Safety Code will be published just in time for Spring flying.

Here's the first installment of a review of MAM's Rules & Safety Code:

Please remember that a MAM member may take a new pilot up *only*

*once* before he/she has to join the AMA. This flight must be with the member's equipment, not the nonmember's equipment. A member may test fly a nonmember's equipment alone.

If you have questions or need clarification, please ask for discussion at the next meeting you attend.

Here are a few more pictures of airplanes and people....from the Fun Fly.

More pictures of the Fun Fly will be coming to the MAM Web page soon....

Hey! How did these guys get into our Fun Fly pictures....they just want to prove we are a family club....pets and all!
